

At Sirona Subsea, our approach to quality mirrors the harsh marine environment in which our products operate, and the expectations of our customers in terms of reliability and schedule. It is our aim that over time, Sirona Subsea becomes recognised as the supplier of choice for the products and service that we provide.

Our Directors and Management are committed to the quality of the products and services we deliver to our customers and the company complies with the requirements of the ISO 9001: 2015 quality standard.

It is, therefore, our policy to:

- Maintain a Quality Management System that complies with the requirements of the ISO 9001: 2015 standard.
- Maintain a level of quality throughout our business, which enhances the Company's reputation with our customers.
- Ensure compliance with relevant statutory, regulatory and customer standards.
- Continually improve the effectiveness of our Quality Management System.
- Communicate this policy to all employees and to ensure that it is understood.
- Undertake regular reviews of this policy, by Management, to ensure continuing suitability to our business.

Responsibility for the implementation of the Quality Policy lies with line management and originates from the business directors.
